Product Description

The Netis ST108D 8-Port Fast Ethernet Switch offers a stable and secure network connection with an attached safety lock. Featuring high-quality steel housing, 8 adaptive 10/100Mbps RJ45 ports, and auto MDI/MDI-X support, this switch ensures reliable performance for home and office networks. Energy-efficient and plug-and-play, it comes with 9 sapphire green LED indicators for easy monitoring and a compact 5V/800mA power supply for seamless operation.
