Product Description

The Asus VivoBook X1404VAP-V14 is the perfect blend of performance and style. Featuring the powerful Intel Core™ i5 120U processor, 8GB RAM, and 256GB SSD, this laptop is designed for smooth multitasking, fast boot-ups, and plenty of storage. The 14" Full HD display offers crystal-clear visuals with vibrant colors, while Windows 11 enhances your productivity and entertainment experience. In a sleek Quiet Blue finish, the VivoBook is built for those who need a reliable laptop for everyday tasks, work, and study.

Key Features:

- Intel Core™ i5 120U Processor
- 14" FHD 1920x1080 Anti-Glare Display
- 8GB RAM & 256GB SSD for fast storage and performance
- Windows 11 pre-installed for enhanced productivity
- Quiet Blue color for a sleek, modern look
- Thin, lightweight, and portable design
- Long-lasting battery for all-day use
- Wi-Fi 5 and Bluetooth 4.2 connectivity

- Ideal for work, study, and entertainment
